## Register for MyMedicare

MyMedicare is a voluntary patient registration model that started on 1 October 2023.

It aims to strengthen the relationship between patients, their general practice, general practitioner (GP) and primary care teams. MyMedicare patients will have access to greater continuity of care with their registered practice, improving health outcomes.

**Your chosen practice must be registered in MyMedicare before you can commence your own patient registration.**

To register for MyMedicare complete the following steps:

1. enter and select your regular practice
2. select your preferred General Practitioner (GP)
3. provide more information about yourself (optional)
4. review and submit your registration
5. your registration will be forwarded to your regular practice.

## About you

Progress bar with 5 steps: 1. Select your practice (checked), 2. Select your preferred GP (checked), 3. About you (active), 4. Review and submit, 5. Registration submitted.

The information you provide will help your practice and the government to plan and improve your health care services. You will still be able to register if you do not provide this information. If you decide to not provide this, it may limit the ability of your practice and the government to make these improvements.

You can choose to provide additional information about you to help your practice, primary care team and the government improve the delivery of your health care. We will share this information with your MyMedicare practice.

Question 1 of 1

How would you rate your experience registering?
